Working teacher of psychology in high school - Vushtrri, from 01.09.2008.

VOLUNTARY EXPERIENCE

Ambassador -Mentor for Anti Trafficking of Human Being and Human Rights. Organized by Ministry of Culture Youth and Sport.

The purpose of project was to make conscious, and how to defend from Trafficking of Humanity.

We organized some seminars and debates in different pieces of Kosovo with pupil in class VIII (eight) and IX (nine) through 2005-2006.

I have attended some training for Anti Trafficking of Human Being and Human Rights.

Research with students; purpose was war attack at Kosovo's students and putting dates in computer program SPSS.

Research with children whose father was killed in war and the mother is keep caring for family; and children that have/live with both parents. The age of children was 11-16 years old.

In this research was shown the differences in development between children that live with one of parent (mother) and them who live with both parents.

Random research the topic touching in hand and do not touching

In this research was shown: reaction of people when they are touch and when they are not touch.
